Commissioner for Patents

Under the principle of compact prosecution, a telephone interview with the applicant's representative, Bruce Jobse (Reg. No. 33,518) was initiated by the examiner on April 03, 2006. Applicant is urged to rewrite the claim limitations based on his/her expertise so long as the claim 11 subject matter (with a change of omitted-term "one of" on line 3) is included in all independent claims. The proposed amendment will accelerate prosecution by placing the application in condition for allowance. The period for reply is set to expire 30 days from the emailing date of this communication.
